Ring Size Guide

Indian ring sizes 8 to 20

With a ring that fits

1. Place the ring on a flat surface.
2. Measure straight across the inside of the ring, edge to edge, in mm.
3. This is the **inner diameter**. Find it in the table below.

With paper or thread

1. Wrap it around the base of the finger you will wear the ring on.
2. Mark where the ends meet, lay it flat and measure the length in mm.
3. This is the **circumference**. Find it in the table below.

Indian size	Inner diameter (mm)	Circumference (mm)
8	15.3	48.0
9	15.5	48.7
10	15.9	50.0
11	16.3	51.2

Most of our ring prices are for size 14 (highlighted). If a ring is priced at another size, its page says so.

- **Between two sizes?** Choose the larger one.
- **Measure at the end of the day,** when your fingers are at their usual size, not when they are cold.
